

WINTER 2023

CPP Investments Debt Issuance Program

CPP  investments

Important Notices

This material has been prepared solely for informational purposes and does not constitute or form part of, and should not be construed as, an offer, invitation or inducement to purchase or subscribe for any securities. No part of this material, nor the fact of its publication, should form the basis of, or be relied on in connection with, any contract or commitment or investment decision whatsoever. No representation or warranty, either express or implied, is provided in relation to the fairness, accuracy, completeness or reliability of the information or any opinions contained herein and no reliance whatsoever should be placed on such information. Any opinions expressed in this material are subject to change without notice and neither Canada Pension Plan Investment Board (“CPP Investments”) nor any other person is under any obligation to update or keep current the information contained herein.

Neither the Notes to be issued by CPPIB Capital Inc. (“CPPIB Capital”) from time to time under the Debt Issuance Programme described in this presentation or the Guarantee thereof by CPP Investments have been registered under the U.S. Securities Act of 1933, as amended (the “Securities Act”) or the securities laws of any other jurisdiction, and CPPIB Capital is not registered and does not intend to register as an investment company under the U.S. Investment Company Act of 1940, as amended (the “Investment Company Act”). Any Notes offered under the Debt Issuance Programme are offered in the United States only to “qualified

institutional buyers” (as defined in Rule 144A under the Securities Act) who are also “qualified purchasers” (as defined in Section 2(a)(51)(A) of the Investment Company Act and the rules thereunder) and outside the United States to non-U.S. persons in compliance with Regulation S of the Securities Act.

This material is directed at and is only being distributed in the United Kingdom to: (i) persons who have professional experience in matters relating to investments who fall within the definition of “investment professionals” in Article 19(5) of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005 (the “Order”); (ii) high net worth entities and other persons to whom it may lawfully be communicated falling within Article 49 of the Order or (iii) persons to whom it may otherwise lawfully be communicated. Other persons in the United Kingdom should not read, rely upon or act upon this material. By accepting receipt of this material, each recipient in the United Kingdom acknowledges that it is a person falling within one of the foregoing categories. Other persons in the United Kingdom should not rely or act upon this material.

Important Notices (continued)

Pursuant to applicable securities laws (including, but not limited to, the European Market Abuse Regulation), the recipients of this material should not use this information to acquire or sell, or attempt to acquire or sell, for themselves or for a third party, either directly or indirectly, any Notes until after the information has been made available to the public. It is also forbidden for the recipients to pass on the materials to another person outside the scope of his work, profession or function and to recommend, or arrange for, on the basis of these materials, the acquisition or the selling of, Notes so long as the information has not been made available to the public. The same obligation applies to any other person who obtains this material and knows or should have known that the information that it contains is inside information (within the scope of the Market Abuse Regulation and other applicable securities laws).

No securities commission or similar authority in Canada has in any way passed upon the merits of the securities referred to hereunder nor has it reviewed this document, and any representation to the contrary is an offence. The securities that may be offered hereunder have not been and will not be qualified for distribution to the public under the securities laws of any province or territory of Canada and will only be offered in Canada pursuant to applicable private placement exemptions.

Certain statements in this presentation constitute “forward-looking statements,” including statements regarding CPP Investments’ expectations and projections for future operating performance and business prospects. The words “believe”, “expect”, “anticipate”, “intend”, “estimate”, “may impact” and other similar expressions or future or conditional verbs such as “will”, “should”, “would” and “could” and similar expressions or variations of these expressions identify forward-looking statements. In addition, all statements other than statements of historical facts included in this presentation, including, without limitation, those regarding CPP Investments’ financial position and results, business strategy, plans and objectives of management for future operations, including development plans and objectives relating to CPP Investments’ products and services, are forward-looking statements. Such forward-looking statements and any other projections contained in this presentation (whether made by us, CPPIB Capital or any third party) involve known and unknown risks, uncertainties and other factors which may cause CPP Investments’ actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by forward-looking statements. A variety of factors, many of which are beyond CPP Investments’ control, may cause actual results to differ materially from the expectations expressed in the forward-looking statements.

CPP Investments at a Glance

Overview

- Canada Pension Plan Investment Board (CPP Investments) is a Canadian federal Crown corporation whose legislated mandate is to invest the net contributions of the Canada Pension Plan (CPP).
- All Canadian employers, employees, and self-employed persons, except those in the Province of Quebec, make mandatory contributions to the CPP.
- The funds of the CPP invested by CPP Investments are fully segregated from all government accounts.
- Current net assets of C\$590.8 billion¹ are projected to grow to C\$3.6 trillion² by 2050.

S&P Global
Ratings **AAA**

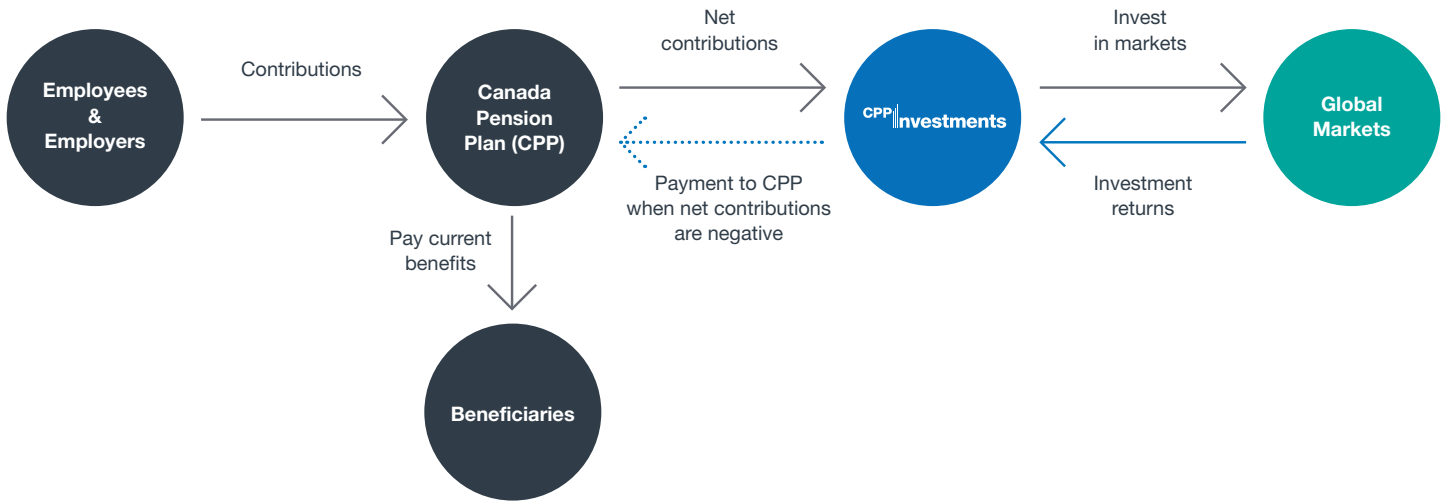

MOODY'S **Aaa**

 **AAA**

¹ C\$590.8 billion represents actual total Fund net assets as at December 31, 2023, CPP Investments Q3 Fiscal 2024 Results.

² C\$3.6 trillion represents projected total Fund net assets from the 31st Actuarial Report on the Canada Pension Plan at the legislated contribution rates.

Relationship Between Canada Pension Plan and CPP Investments

Note that the above graphic is a simplified representation of the relationship between CPP and CPP Investments

Cumulative Net CPP Contributions

Maturities between 2049 and 2071 are summed and represented as a single data point in 2049.

CPP Investments Credit Highlights

MINIMUM ASSETS HELD

Under the statutory framework

"Any amounts standing to the credit of the Canada Pension Plan Account that exceed the immediate obligations of that Account shall be transferred to the Investment Board" (Canada Pension Plan, s. 108.1(1)), ensuring CPP contributions are legally mandated to go to CPP Investments

Additionally

"No payment shall be made out of the Consolidated Revenue Fund under (Canada Pension Plan, s. 108) in excess of the total of:

a) The amount of the balance to the credit of the Canada Pension Plan Account, and

b) The fair market value of the assets of the Investment Board less its liabilities" (Canada Pension Plan, s. 108(4))

Accordingly, under the statutory framework, only assets having a fair market value in excess of CPP Investments' liabilities are available to the Government of Canada to satisfy its obligations under the CPP.

TRIENNIAL REVIEW

- The Chief Actuary of Canada, an independent official within the Office of the Superintendent of Financial Institutions, prepares a report every three years setting out the results of an actuarial examination of the Canada Pension Plan based on the state of the Canada Pension Plan Account and the investments of CPP Investments, including the minimum contribution rates required to sustain the Canada Pension Plan. (*Canada Pension Plan*, s. 115)
- Based on the review of the financial state of the Canada Pension Plan conducted by the Office of the Chief Actuary, CPP Investments' stewards – the federal and provincial finance ministers – may make recommendations as to whether contribution rates should be changed to support the sustainability of the CPP. The Insufficient Rates Provisions (in the case of the base CPP) and the Financial Sustainability Provisions (in the case of the additional CPP) would be automatically invoked if necessary to support the sustainability of the CPP.
- In December 2022, the Office of the Chief Actuary reaffirmed through its latest triennial review that the CPP – both the base and additional portions – remains sustainable at the current legislated contribution rates throughout the 75-year period of the report, based on actuarially accepted assumptions.

Revenues & Expenditures of the Fund

Net contributions and projected investment returns are projected to continue to materially exceed expenditures.

Projected Investment Income & Projected CPP Contributions from 31st Actuarial Report on the Canada Pension Plan at the legislated contribution rates.
Maturities between 2049 and 2071 are summed and represented as a single data point in 2049.

Amending Formula

Parliament cannot amend the Canada Pension Plan Investment Board Act (CPPIB Act), or pass any other laws which directly or indirectly alter the CPPIB Act, without approval “of at least two thirds of the included provinces, having in the aggregate not less than two thirds of the population of all of the included provinces.”

(Canada Pension Plan, s. 114(4))

- This is the cornerstone of CPP Investments’ legislative framework.
- Changing the legislation governing CPP Investments requires the cooperation of the stewards – the federal and provincial finance ministers who oversee the CPP. This process is more onerous than the constitutional amending formula and requires agreement among the federal government and two-thirds of the provinces representing two-thirds of the population.
- “No Act relating to the insolvency or winding-up of any corporation applies to the Board and **in no case shall the affairs of the Board be wound up unless Parliament so provides.**” (*Canada Pension Plan*, s. 55)
- The certainty around its legislative framework enables CPP Investments to invest for the long term.

Projected Assets of CPP Fund

The chart below illustrates the combined projections of assets from the Chief Actuary's 31st Report, which considers future changes in demographics, the economy and investment environments. The Fund has two sources of growth: net contributions from CPP participants and net income earned from investments.

Current Net Assets of

C\$590.8 billion¹

are projected to grow to

C\$3.6 trillion²

by 2050.

¹ C\$590.8 billion represents actual total Fund net assets as at December 31, 2023, CPP Investments Q3 Fiscal 2024 Results.

² C\$3.6 trillion represents projected total Fund net assets from the 31st Actuarial Report on the Canada Pension Plan at the legislated contribution rates.

³ Represents actual total net assets as at March 31, 2023.

Projection of Fund Assets

As at December 31 (C\$ Billions)

Debt Issuance

Global Debt Issuance Programme

- CPP Investments has been an issuer in the debt markets since 2015, issuing 70 bonds totaling ~C\$94 billion (based on FX rate on issue date)
- Issuance volumes have grown materially since 2015, and are projected to continue to grow with the growth of the Fund
- CPP Investments is the largest Canadian issuer in foreign markets

Core Currencies

CPP Investments offers a C\$75 billion multi-currency programme focused on building liquid benchmarks in five core currencies: AUD, CAD, EUR, GBP, and USD.

Current CPP Investments Outstanding by Currency/Term

Distribution by Investor Type

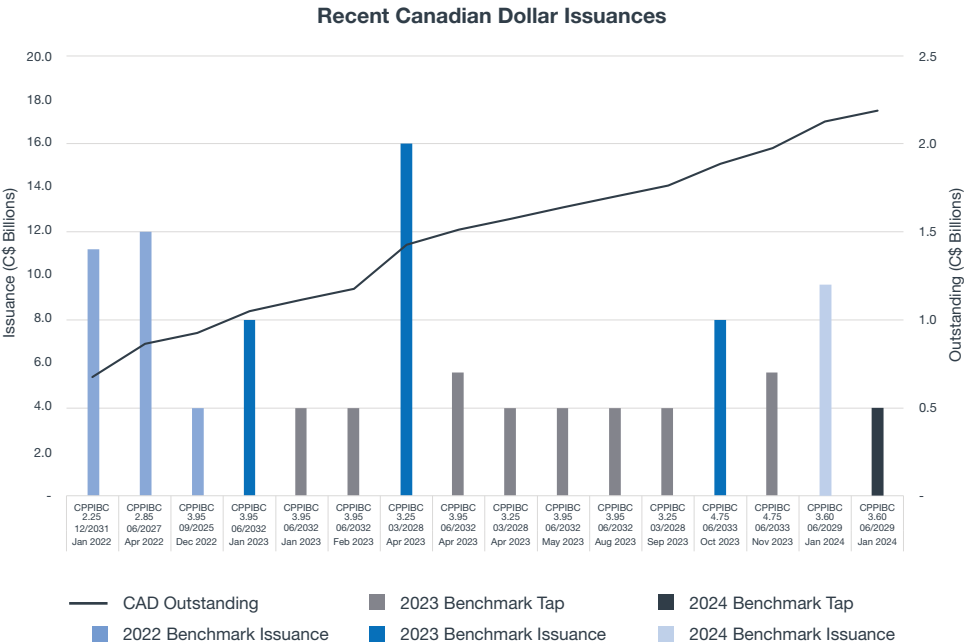

Issuance Breakdown by Currency Since Inception (C\$ Billions)

Canadian Dollar Issuance Programme

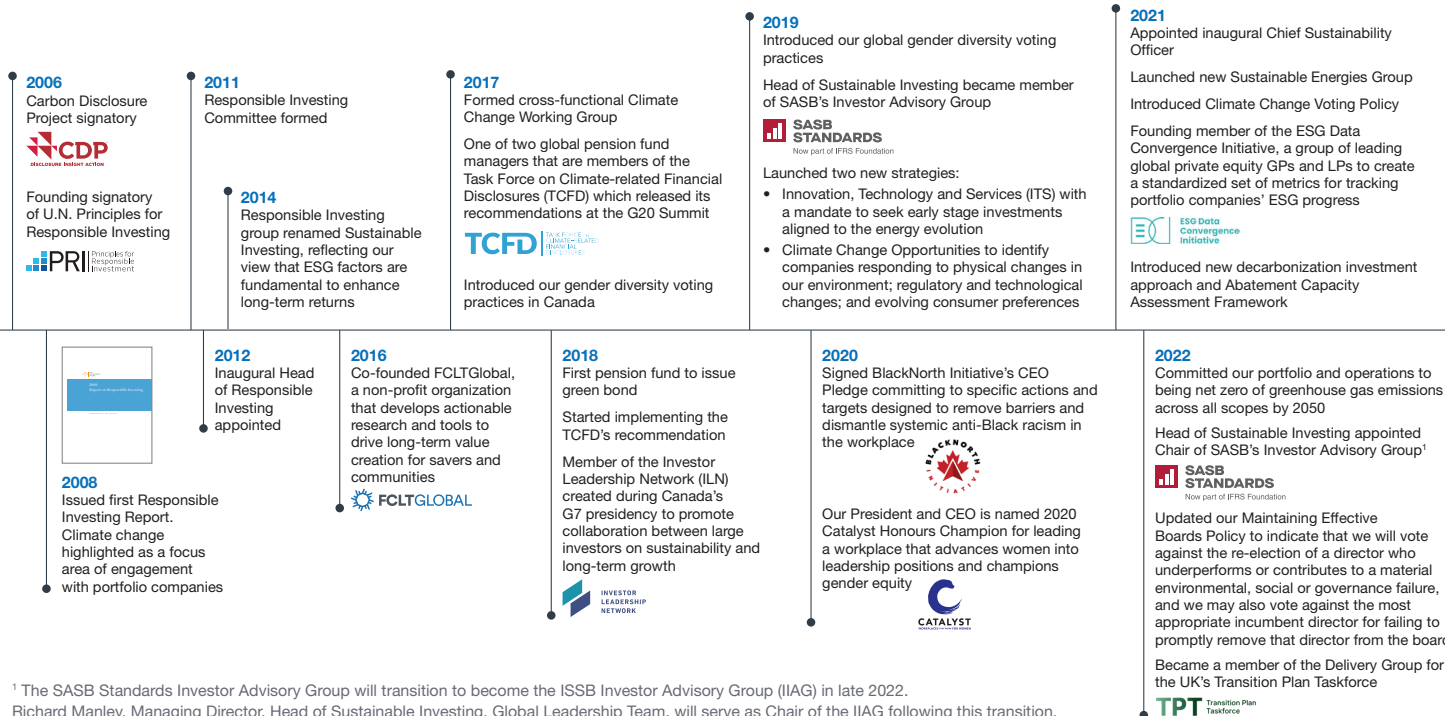

- The growth in Canadian Dollar issuance demonstrates CPP Investments’ commitment to the market
- CPP Investments intends to source up to 50% of its issuance programme in CAD, with a focus on building large, liquid benchmarks
- The current five- and ten-year benchmarks are 3.60% 06/02/2029 and 4.75% 06/02/2033 with final target benchmark size of C\$3-4 billion each

An aerial photograph of a wind farm situated on a mountain ridge. A winding dirt road leads through the landscape, which is covered in green grass and dotted with rocks. Several white wind turbines are visible, some standing prominently in the foreground and others receding into the distance. The scene is shrouded in a thick layer of white mist or low clouds, particularly around the base of the turbines and along the ridges. In the background, more mountain ranges are visible under a sky with soft, wispy clouds, suggesting a sunrise or sunset. The overall atmosphere is serene and emphasizes the integration of renewable energy with nature.

ESG Investing

Key Milestones

¹ The SASB Standards Investor Advisory Group will transition to become the ISSB Investor Advisory Group (IIAG) in late 2022. Richard Manley, Managing Director, Head of Sustainable Investing, Global Leadership Team, will serve as Chair of the IIAG following this transition.

Investing in the Path to Net Zero

We have committed to achieving net-zero greenhouse gas (GHG) emissions across the Fund and our operations by 2050

Actions include:

- Continuing to invest and exert our influence in the whole economy transition as active investors, rather than through blanket divestment
- Maintaining carbon neutrality for our internal operations (Scope 1, 2 and 3 business travel)¹, from fiscal 2023 onward
- Continuing to increase our green and transition asset portfolio from \$79 billion at end of fiscal 2023 to at least \$130 billion by 2030
- Scaling our decarbonization investment approach that seeks attractive returns enabling emissions reduction and business information in high-emitting sectors

¹ Scope 1 refers to direct GHG emissions from an organization's owned and controlled sources. Scope 2 refers to indirect emissions from the generation of purchased energy. Scope 3 refers to all indirect emissions (not included in Scope 2) that occur in the value chain of the reporting company, including both upstream and downstream emissions.

OUR CLIMATE CHANGE PRINCIPLES

PRINCIPLE 1: Invest for a whole economy transition required by climate change

PRINCIPLE 2: Evolve our strategy as transition pathways emerge and global standards for decarbonization materialize

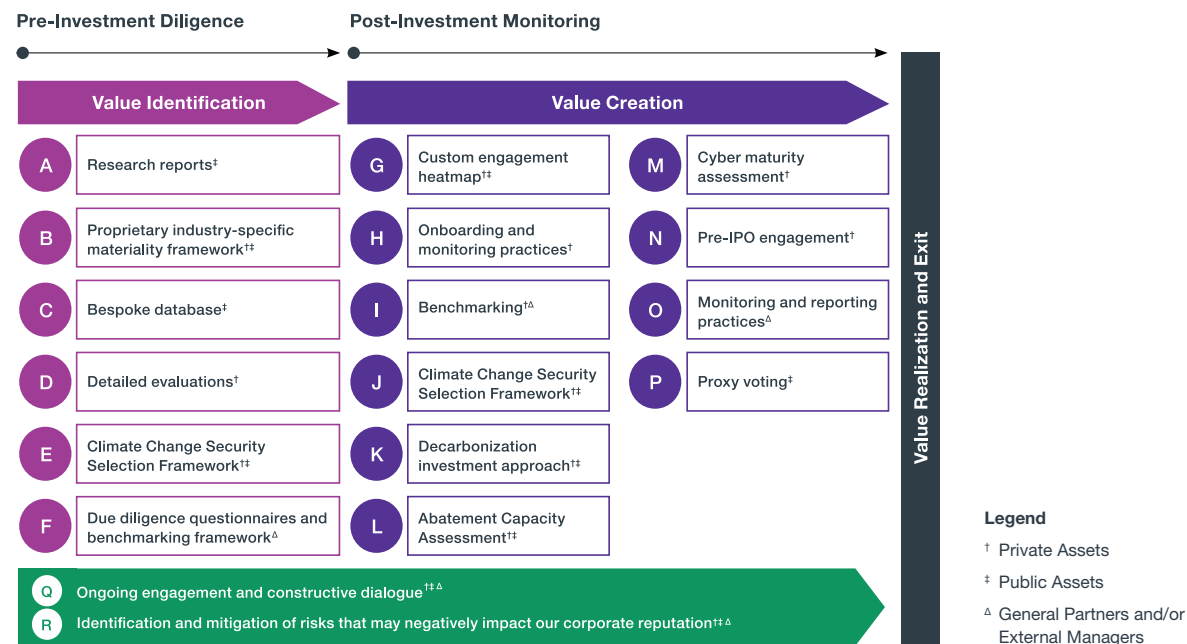

PRINCIPLE 3: Exert influence to create value and mitigate risk

PRINCIPLE 4: Support a responsible transition based on our investment beliefs and expertise

PRINCIPLE 5: Report on our actions, their impacts and our portfolio emissions

Embedding Sustainability-related Considerations into the Investment Life Cycle

Green Bond Framework

CPP Investments Green Bond Framework

Developed in accordance with the Green Bond Principles as set out by the International Capital Markets Association with a Second Opinion provided by CICERO

Used to Finance or Re-Finance Eligible Investments

New and existing assets may qualify. Eligible assets will have a two-year lookback period from issuance date. An amount equal to net proceeds raised through a green bond issuance will be notionally allocated within one year of issuance. Eligible use of proceeds excludes direct investments in fossil fuel infrastructure.

Eligible Investments

- Renewable Energy
- Green Buildings
- Low Carbon / Clean Transportation
- Energy Efficiency

Eligible Investments may not be evaluated against the broader sustainability strategy as described in the first section of the Green Bond Framework and throughout this presentation. CPP Investments will exercise its judgment and sole discretion in determining the Eligible Investments. Investors should read the Green Bond Framework and the Programme Offering Memorandum in their entirety.

Transparency & Reporting

CPP Investments will report annually on notional allocation of proceeds and associated impact, where feasible, for the preceding 12 months per green bond issued until an amount equal to the net proceeds of the green bond issuance has been notionally allocated. An external verification of the notional allocation of net proceeds and, where feasible, impact metrics, will be carried out by an independent, qualified third-party on an annual basis until all net proceeds have been notionally allocated.
